

TAYLOR'S VALET IS CAUGHT ON TRAIN

But Won't Acknowledge Identity—Says He Knew Slain Man and a Woman Did It

(By Associated Press)
Topeka, Kans., Feb. 10.—A man held in the Shawnee county jail here, who was taken from a train Wednesday night, answers the description of Edward P. Sands, secretary and valet to William Desmond Taylor, murdered motion picture director, officials today announced.
The man gave the name of Walter S. Underwood. He admitted he knew Taylor but denied he knew anything about the murder. He corresponds to every identification mark, even to scars on the cheek, to the description of Sands.
"It was a woman who did it," Underwood said, when questioned about the murder. "I know nothing about it but it was jealousy that caused it." He said he had been at Taylor's house several times attending parties which he said were wild, and at which both drugs and liquor were served. He said he had seen both Mabel Normand and Mary Miles Minter at Taylor's house but not at the same time. Underwood maintains he left Los Angeles Wednesday night shortly after Taylor was killed.

CARAWAY SHOWS UP CIVIL SERVICE

(By Associated Press)
Washington, Feb. 10.—Members of the Civil Service Commission were attacked in the Senate today by Senator Caraway, democrat, of Arkansas, who charged they "are prostituting their office for partisan purposes." He added "they are lending themselves to a positive fraud; their conduct is shocking."

Barbourville Man Killed In Denver, Colo

Denver, Colo., Feb. 10.—Unexpectedly reversing his course of travel along the trail of the Aurora tramway line short after noon, J. W. Jordan, 40 years old, a well to do inventor of Barbourville, Ky., walked straight into an out-bound car and was mangled beneath the wheels. Death was instantaneous. The authorities are puzzled as to whether Jordan was pushed or fell intentionally or by accident.

Some Farm Sales

In Montgomery county, E. D. Richardson, real estate agent, sold for J. W. Napier a small well improved farm of 26 acres six miles east of Mt. Sterling on the Spencer pike, to R. M. McGuire, of Magoffin county, for \$4,600.
In Shelby county a farm of 70 acres belonging to Phelps and Jackson, 5 miles south of Shelbyville on the Zaring Mill pike, sold to A. F. Heinrich for \$10,000 cash. Riggs Brothers place of 25 acres and improvements on the Burk's Branch pike, 2 miles north of Shelbyville, sold to Grant Tinsley, colored, for \$5,000 cash.

Calf Hops Like Rabbit

A heifer calf recently born at Jefferson, Ga., has only one eye, no tail, and although she boasts four well developed legs and feet, hops like a rabbit instead of walking as heifers are generally supposed to walk. Outside of that her owner, George Williamson, says she is a pretty good calf.

HAYNES TELLS WHY COUNTRY ISN'T DRY

(By Associated Press)
Columbus, O., Feb. 10.—"Apathetic citizens" and "lethargic public officials" are the two outstanding difficulties standing in the way of better enforcement of the prohibition laws, Major Roy Haynes, National Prohibition Commissioner, declared in an address here today at the state dry enforcement convention. Meanwhile, he said, 36 paid organizations are striving day and night to accomplish that impossible feat of causing the repeal of the 18th amendment.

FANS EVIDENTLY DO NOT WANT A TEAM

Indications are that Richmond will not have a team in the new Blue Grass League.
Many fans say they'd like to see Richmond represented but so far no one has been found to "go to the front" and take hold of the work of making an organization. A lot of the fans are willing to put up their money but it's a hard matter to find a man who is willing to sacrifice his business and time and go out and make up the money to attend to the thousand and one details of putting a team in the field.
Then there is the question of a suitable playing ground. Several sites have been suggested but there's some hitch connected with each one so far thought of. A lot of money would have to be spent in grading, or building a grand stand, or other necessities to put the grounds in shape to play on.
The meeting called for Thursday night at the Richmond Motor Company was attended by exactly four fans. After canvassing the situation, they decided that unless some one comes forward to take hold of the matter and give some work and time to it there is no use going any further with the matter.

DOBROWSKY SELLS OUT AFTER 25 YEARS

After almost a quarter of a century in Richmond, during which time he has amassed a comfortable competence, A. Dobrowsky has sold his business and will move to Cincinnati to make his home. His family have been there for the past year, while Mr. Dobrowsky waited here until he could find a buyer for his property. The purchaser is Louis Glaser, from Mississippi, and he has taken possession of the store and stock of goods which Mr. Dobrowsky has operated so long on First street. Mr. Glaser comes well recommended and steps into a nice business, and has the good wishes of everyone. The departure of "Dob" as Mr. Dobrowsky is known to his intimate friends, removes a landmark from Richmond. Mr. Dobrowsky and family came to the United States from Russia over 25 years ago. They first settled in Cincinnati and then came to Richmond. No man was ever a more law abiding, upright and reliable business man than this humble Hebrew merchant. He leaves Richmond with the esteem and good wishes of everyone.

WE WANTED A CHANGE

We were getting a dollar six bits for our corn.
We could sell every hide from the hoof to the horn—
We wanted a change and we got it.
Wow we're getting a quater for corn. Its so cheap
That we burn it for fuel, our toes to warm keep
We can't sell the hides, so we bury them deep—
But we wanted a change and we got it.
The poor working man pulled down eight bucks a day.
Now he's darn glad to work for half of that pay—
But he wanted a change and he got it.
There was wor kand plenty for every man's son.
And warm food and shelter when the work was done:
Now millions are idle, heretofore there was none—
But we wanted a change and we got it.
Mr. Wilson spent quite a long time "over there."
For peace he was fighting, but what did we care—
We wanted a change and we got it.
Now all that we read of is golf and vacations.
Gay week-ends at summer resorts and plantations:
Not what we expect from the head of a nation—
But we wanted a change and we got it.
We were prosperous and happy, well fed and gay.
Now millions of children go hungry each day—
We wanted a change and we got it.
Meanwhile we hear this: "It was certain to come—
Reaction from war time," and war three years done.
If we wanted a lemon we sure did pick one—
We wanted a change and we got it.

ALL VOTERS IN STATE MAY HAVE TO REGISTER

Frankfort, Feb. 10.—Democratic Senators and Representatives in a caucus held at the Capital Friday night went on record as favoring the passage of a general registration law requiring every voter in the state to register once for a lifetime.
The bill is to be taken up in the House next Wednesday afternoon and rushed to passage, it was decided.
The law, to be sponsored as a party measure, is slightly different from that incorporated in a bill introduced by Representative C. D. Minor, of Boyle county, and is to be brought forward as a substitute to Mr. Minor's bill by Representative Ira D. Smith, of Christian county.
Mr. Minor and Mr. Smith explained the provisions of the bill at the caucus last night. It provides that each voter shall register next July when two days shall be set aside for that purpose.
Four registration officers to be selected in the same manner as are election officers are to keep open the polls of each precinct after the registration.
The voters are to receive certificates which they will have to present at the polls when they wish to vote.
Sixty days before election another registration day is to be observed when those who failed to register will be given an opportunity.
This first registration is to be good for life if the voter does not move, in which case he can change his certificate to another precinct by applying to the County Clerk.
Registration will be observed annually in July, when those who have become of age during the year, or have moved from other parts of the country, will be given a chance to register.
Registration in the future is to be limited to one day, under the provisions of the bill.

HOUSE FINDS TAXES TO PAY FOR BONUS

Washington, Feb. 10.—Means of raising \$329,000,000 for the soldier bonus has been found by the House Ways and Means Committee, after further consideration of the proposed measure which President Warren G. Harding says must not be enacted without containing a provision for getting the money.
Here is the present working basis of the committee, developed after information had been gathered as to the probable yield of the possibilities under discussion.
Cigarettes at 50 cents the 1,000, \$25,000,000; gasoline at 1 cent a gallon, \$70,000,000; double-theater admission taxes, \$75,000,000; real estate transfers at \$2.00 the \$1,000 valuation, \$20,000,000; chewing and smoking tobacco at 2 cents a pound, \$5,000,000; 1 cent increase in letter postage, \$50,000,000; stock and bond transactions, at one-tenth of 1 per cent, \$64,000,000 and, if needed, parcel post increases amounting to \$20,000,000.

TO ELECT COUNTY SCHOOL HEADS AGAIN

If Senate Concurs In Bill Passed By House Thursday—Doings In Legislature

Frankfort, Feb. 10.—The Kentucky House of Representatives Thursday afternoon by a vote of 70 to 10 passed a bill to provide for the election of County Superintendent of Schools by the voters. An amendment to the bill permits those now holding office to continue until 1925, when the first election is to be held.
By a vote of 68 to 17 the House passed Representative Harry Meyers' bill to prohibit the use of "daylight saving" or other than the standard central time except on proclamation of the Governor. Mr. Meyers made a short talk, in which he pointed out the inconveniences that resulted when some cities have daylight saving time and other do not.
Representative W. A. Adams, who like Mr. Meyers, lives in Covington, opposed the bill on the ground that daylight time in Cincinnati forces Covington to Newport to adopt it. He was opposed to daylight saving time, he said, but thought the state would be in the same position under Mr. Meyers' bill as other cities are now.
The House also made Speaker James H. Thompson's taxation bill a special order for 11 o'clock Friday morning. Representative H. K. Lawrence, Trigg county, made the motion, saying that there are certain matters of importance which must be made special orders so that they may be taken up with the proper care.
The declaratory judgment bill was made a special order for 11 o'clock next Wednesday.
A bill to permit boards of education of second class cities to borrow money on the anticipation of its revenue was passed by a vote of 76 to 0.
A bill advancing the pension of Confederate veterans and their widows from \$12 to \$15 a month was passed by a vote of 67 to 1.
The measure was introduced by Representative Brodie Payne and also gives pensions to those who were required to take the Federal oath of allegiance in the last year of the war.
The House adjourned at 3:20 o'clock.
Senator H. V. Bell's bill to strengthen the compulsory education law of 1920 was brought out as a special order when the Senate reconvened at 2 o'clock after a recess for lunch. The bill was passed by a vote of 30 to 0.
Senator George Baker explained his bill to promote and to extend the provisions of the vocational rehabilitation law. The bill would provide for the training of persons who have physical handicaps. He explained that no direct appropriation is provided, but that the necessary funds would be procured from compensation insurance. The bill was passed by a vote of 20 to 0.
Senator Newton Bright of Eminence, introduced a concurrent resolution that the General Assembly ask Congress to grant farmers, planters, manufacturers and others who lost money in 1921, income relief tax. The resolution was adopted. The Senate adjourned at 2:45 o'clock.

NO NEW DOG LAW IS YET PASSED

Sheriff Elmer Deatherage desires to call attention of dog owners to the fact that the bill exempting one dog free of tax, has not yet become a law and there is no assurance that it will be passed by the legislature. Even if passed by the upper house of senate, it would not become effective until June. Advices from Frankfort are that the bill has little chance to get through the senate. Sheriff Deatherage wants to warn his dog owning friends that it's best to come in at once and pay their dog tax and not take a chance of having any action taken against them.

Legislature To Investigate Troops' Conduct At Newport

(By Associated Press)
Frankfort, Ky., Feb. 10.—Senator Jacob Metzger, of Newport, laid before Governor Morrow affidavits and letters from Newport charging members of the national guard now on strike duty at the Newport rolling mills, with improper conduct. It was said action looking to a possible investigation by the legislature probably will be taken as soon as proper documents could be drawn up.

AGREED JUDGMENT IN BIG WILL SUIT

Mrs. Catherine Hurt Gets \$2,500 By Settlement—Charley Lanter Loses His Dog Suit

The last two or three days in circuit court have been taken up with civil actions. Court adjourned late Friday until Monday. No more indictments have yet been returned by the grand jury.
James Adams was given judgment for \$750 against Glenn Million, for injuries alleged to have been caused to Adams' arm when he was cut by Million in an altercation. Adams sued for \$10,000.
A home dog case occupied Thursday afternoon and Friday morning. A car belonging to W. E. Luxon ran over and killed a fox hound belonging to Charley Lanter. The car was driven by Ed Golden working for Luxon at the time. Lanter sued for \$200 damages for loss of the dog, claiming that it was caused by negligent driving. The jury evidently didn't take that view of the matter, however, for they found for Luxon.
An agreed judgment was reached in the suit of Mrs. Catherine Hurt, of Garrard county, against Salem Ross, of the Kirksville section, and other heirs of the late Mrs. Salem Ross. Mrs. Hurt is a sister of Mrs. Ross. In her will Mrs. Ross left all her property to the heirs of her dead sister, Mrs. Wells. Mrs. Hurt contested, and the agreed judgment gives her \$2,500. Attorney C. C. Wallace represented Mrs. Hurt and Attorney A. R. Burnam the defendants.

SONS OF REVOLUTION OFFER NICE PRIZES

Perryville, Ky., Feb. 10.—The Kentucky Society of the Sons of the American Revolution, with headquarters in Louisville, is offering to the senior classes of the high schools of Kentucky, a scholarship in the University of Louisville, the University of Kentucky, or Lincoln Institute, not to exceed the sum of one hundred and fifty dollars, for the best essay on the subject of "The Patriotism of Work." Beside this, there are four additional prizes of forty dollars each. Each high school in the state is invited to compete.
This is a very timely subject as well as very interesting. It is also a good opportunity for some senior to help earn his way thru college. The scholarship is well worth trying for. The award will be on originality. An essay is allowed each high school with ten teachers or fraction thereof in its faculty.
For further information address Dr. Curran Pope, chairman, 115 W. Chestnut street, Louisville Ky. All papers must be in by March 4, 1922.

Drink Milk

Prof. E. N. McCollum, of Johns Hopkins University, says that if Americans would each drink a quart of milk a day, and eat proportionately less meat, they would live to a ripe old age and would be healthier and have better eyesight right along.

He has proved it by rats which for dietary purposes are said to be much like human beings. For 15 years Prof. McCollum has been experimenting with his little rats, feeding them variously, after the manner of human beings, as far as the fifth generation. When a rat is not fed properly, it suffers from malnutrition just like a child, with rickets and other familiar symptoms. When it gets the proper amount of butter fats and other requirements for an ample and balanced ration, it thrives. So do children, and so, the professor insists will man and woman if they will pay as much attention to their diet as intelligent people now pay to the feeding of children.

So what the country needs is not more beef steers, but more milch cows, not more herds but more dairies. And with them, or as a condition precedent to them, it needs a public more appreciative of the virtue of milk. The ordinary adult, male or female, really has little appreciation either of the dietary value of good milk or of its cheapness.

compared with other foods containing the same amount of nourishment. It is especially desirable in the summer time, when it combines the virtues of non-heating food with seasonal plenty and cheapness.

Rader Goes To Harlan

His friends here were interested to learn that Hon. Godfrey L. Rader, of Bond, Jackson county, and formerly commonwealth's attorney of that district, has moved to Harlan to practice his profession. The Harlan Enterprise said: G. L. Rader, of London, Ky., and T. H. Howard, of the local bar, formed a law partnership with offices in the Caywood-Pope building. The partnership began business Wednesday. Mr. Rader formerly was commonwealth attorney of the 27th judicial district. He is reported to be one of the ablest criminal lawyers of the Kentucky bar.

Old Fashioned Spelling Bee

Louisville, Ky., Feb. 9—Whether Noah Webster ruled that the "e" should come before the "i" or vice versa will be among the problems students of the College of Arts and Sciences, University of Louisville, will be called on to solve at an old-fashioned spelling bee to be held Thursday, Feb. 9. Twelve representatives have been selected from each class and the spelling book of grammar school days, long laid away by collegians, has been dusted off and is being reviewed by the contestants in preparation for the event.

The purpose of the match, it was explained, is to determine how well college students remember lessons learned in the "red school house" days after struggling with Latin, philosophy and higher mathematics.

HERE'S ANOTHER HEN HONOR ROLL

(By Associated Press)

Lexington, Ky., Feb. 10—Kentucky hens now have ample grounds on which to question the right of hogs to the title of "mortgage lifters" of the farm, according to the results obtained during the past year by poultrymen who cooperated with the Extension division of the College of Agriculture in conducting demonstrations and keeping record of their flocks.

Practically all of the 47 demonstrators turned in records for the year's work which show that the poultry flock is a paying institution on the farm, according to J. H. Martin, in charge of the College poultry work.

The highest labor income a hen was obtained by J. T. Wilson, Corydon, each of the 133 White Wyandottes in his flock having produced a profit of \$7.42 during the year. The hens averaged 178 eggs each during that time making the total labor income from the flock \$985.18.

The highest labor income from a flock was reported by A. J. Culver, Hopkinsville, who realized \$2,955.61 from his flock of 943 White Leghorns during the year. He obtained an average of 142 eggs a hen and received a labor income of \$3.24 from each of them.

F. D. Stapleford, Buckner, obtained the second highest labor income a hen, each of the 31 White Plymouth Rocks in his flock having returned an average profit of \$5.35 during the year. His labor income from the flock was \$163.89.

Mrs. W. O. Kirk, Philpot, who reported the highest average egg production for the year, which was 187 eggs for each of the 18 hens in her flock of Barred Plymouth Rocks, realized a labor income of \$85.25 from each of the hens. The labor from her flock was \$66.61.

H. M. Luttrell, Paducah, reported a labor income of \$1,509.01 from his flock of 411 Brown Leghorns which averaged 136 eggs during the year while Joseph Anderson, Covington, obtained a flock labor income of \$1,194.26 from his 415 White Leghorns that averaged 146 eggs each during the year.

The labor income from each bird in the various flocks was not a matter of breed or size of flock but was closely related to the average production of the entire flock, according to Mr. Martin.

The labor income in each of the cases was determined by adding total receipts and increase in stock for the year and subtracting expenditures, exclusive of equipment such as money for feed, coal and oil for incubators, miscellaneous expenses, six per cent interest on investment and five per cent interest on investment and five per cent depreciation on equipment.

4,000,000 Mexicans In U. S.

(By Associated Press)

Mexico City, Feb. 10—The population of Mexico is a trifle more than 14,000,000, according to figures recently compiled. This represents a loss of approximately 1,000,000 since the last census was taken in 1910. The decrease is ascribed to emigration of natives and foreigners during the periods of revolution. Officials here assert that there are now more than 4,000,000 Mexicans living in the United States.

LEARNS SECRET OF ARROW HEADS

Illinois Man Gets Credit as Only Man Who Knows How to Make Them.

INDIAN CHIEFS LOSE TRICK

Many of Them Confess Their Ignorance of Just How to Make Arrow Heads—Are Identified by Tribal Marks.

Springfield, Ill.—Making of Indian arrow heads has been reduced to its first principles here by Herbert Weiss, a custodian of the Lincoln monument, who has gained the distinction, which it is said until now has been undisputed, of being the only white man to make real arrow heads.

Indians are among the foremost in crediting Mr. Fay with this ability. Drawn to the last resting place of Abraham Lincoln, various present-day Indian chiefs have openly confessed their ignorance of "just how" to make arrow heads, and then have voiced their surprise at the excellent workmanship of the white man.

Finding that his arrows have been taken for the work of real Indians, Mr. Fay no longer makes arrows of flint, but to prevent fraud uses only glass.

Worked Near Dekalb.

His study of arrow heads was gained largely near his former home at Dekalb, in which vicinity, he said, there had been seven Indian camps.

Mr. Fay takes issue with other authorities who say arrow heads may be identified by their shape as the work of a particular tribe. Years of study and the actual making of arrows prove otherwise, Mr. Fay declares.

His conclusions as to arrow-making are outlined as follows: "Indians first tried stones that break with a conchoidal fracture (like the inside of a spoon). They found that the deeper the break at the top of the flint-surfaced stone the longer would be the break in the stone, but it would be unsatisfactory. They wished, however, a long, narrow piece as more suitable for an arrow head.

"They then found that by breaking the stone at a covey they could produce such a 'flake' (raw arrow head) one, two, or even five times its width, according to the skill of the artisan. Such an arrow head always has a ridge on one side and the other side smooth. The ridge is the corner of the stone from which the flake was broken.

"Next, the Indian found that in finishing the arrow head, if the stone breaks easier from one direction on the top, it would break just as easily from the other on the bottom. This gave rise to the belief that arrow heads were made to revolve. Such was not the intention of arrow makers, as the same natural peculiarity appears in spear heads, which are too heavy to revolve, as spears were seldom expected to go more than a few times their length.

"These principles being true of all stone used by the Indians, it is an evident impossibility for any collector to tell what tribe made certain arrow or spear heads. The width, depth and thickness, determined by the depth of the fracture of the stone, determine the shape and appearance of the finished product."

Chert Center in Illinois.

Most of the arrow heads of the north Mississippi valley, Mr. Fay said, were made of chert, a chalky flint, taken from the quarries in Union county, Illinois, near Cairo. The bluffs at that place along the Mississippi river show outcroppings of this chert and profile evidences of the activity of Indians, who went there from all parts of Illinois, Indiana, Iowa and Wisconsin, he added.

"Less than 1 per cent of the arrow heads found in this wide territory," Mr. Fay continued, "seem to have been made from local stone. The Union county quarries have been determined as the principal source because arrows found throughout that region corresponded exactly to the quality of the Union county stone. It is not known whether expert 'flake' makers held the quarries in Union county and distributed material to tribes as they came down, or whether each tribe had its flake makers and visited the quarries periodically.

Implement used by Indians in making arrow heads, according to Mr. Fay, were made with one tool, a piece of bone somewhat like the handle of a toothbrush.

English Women Smoke Less

Habit is on the Decline Among Those Studying at Oxford University.

London.—An informal census of the habits of the Oxford women undergraduate reveals the interesting fact that, roughly speaking, only one in five smokes, and that in the 20 per cent of smokers very few make a habit of the cigarette.

They smoke one or two now and then, as a social accomplishment rather than a pleasant amusement. The undergraduate who invites her friends and acquaintances to 9 o'clock cocoa is not expected to provide either "gaspers" or cigarettes. It is no slur on hospitality not to offer a smoke.

The Judge would limit the power of the governor to grant pardons for crimes of violence. Other means that would stop such crimes, according to the Judge, include:

Change the method of selecting juries which allows the defendant 15 challenges and the state five in felony cases. Make moonshining a felony. Permit officers to proceed without a warrant where they have good reason to believe the accused guilty. Make transportation a felony.

Beautiful Luncheon

Thursday's calendar included a beautiful luncheon to which Mrs. Waller Bennett was host, honoring Mrs. Harry Edwards, of Chicago. Covers were laid for Mrs. Edwards, Mrs. Harry Blanton, Mrs. Paul Burnam, Mrs. Murray Smith, Mrs. A. K. McCown, Mrs. T. S. Burnam, Mrs. Shelton Saulley, Mrs. Eugene Walker, Mrs. T. H. Collins, Miss Bettie McCann Perry and Miss Isabel Bennett.

Entertained at Bridge

Mrs. Douglas Parrish entertained very delightfully at bridge Thursday afternoon. Miss Fife made the top score at bridge. Among the guests were Mesdames Preston Smith, T. J. Turley, Julian Tyng, H. B. Cosby, G. G. Perry, W. P. Millard, Shelton Saulley, Garnett Milford, P. Chenaunt, Allen Zaring, R. C. and Harold Odham, R. C. Boggs.

Jack Wagers, Selby Wiggins, E. C. Stockton, M. Dunn, B. H. Laxon, S. J. McCaughey, H. M. Whittington, Misses Katherine Hammonds, May Hansen, Mary Louise Deatherage, Mollie Fife, Dorothy Perry and Elizabeth Farley.

Turley-Foster

Numerous friends here where the bride is very popular, are interested in the following clipping from the Thursday's Courier Journal, Winchester news: Mrs. Anna Swift Turley and Mr. A. B. Foster, newspaper editor, of Houston, Texas, were married here this afternoon. The marriage is the result of a romance which had its beginning two years ago, when Houston was host to the Confederate veterans of the United States. The bride attended as a delegate from G. G. Perry, W. P. Millard, Shelton Saulley, Garnett Milford, P. Chenaunt, Allen Zaring, R. C. and Harold Odham, R. C. Boggs.

Mounds, Ill., formerly a resident of Winchester. For seventeen years she was a member of the teaching staff of the city schools. Mr. Foster is editor of the Houston Chronicle. Mr. and Mrs. Foster will make their home in Houston. The couple left for a bridal trip to Havana and Jamaica.

Surprise Shower

Mr. and Mrs. Wilson Brandenburg, who have recently gone to housekeeping at their new home on the Big Hill road, were the recipients of a surprise shower Thursday evening. At seven o'clock a number of automobile from Paint Lick, Kirksville and Richmond, well laden with miscellaneous articles, the gifts of the numerous friends who had brought them, arrived at their home. This was the first initiation Mr. and Mrs. Brandenburg had that they were to have a storm party and, best of all the handsome and useful gifts for which they are deeply grateful. There were about forty in the party and Mr. and Mrs. Brandenburg proved ideal hosts, and a most cordial welcome was extended their guests.

Cecilian Club Meeting

Mrs. R. R. Burnam, Sr. was host at the meeting of the Cecilian Club on Wednesday afternoon and also director of the program. The company, the musical talent and the new Steinway grand piano all combined in the creation of a musical atmosphere felt by everyone present. It was one of the greatest meetings of the year and recalled many such in this home. The subject of the afternoon was "The Opera," and the surprise number of the program was "An Appreciation of Mary Garden," given by Mrs. James Burnam, a guest of the club, and was most timely with Miss Garden before the public so much at present. Mrs. Burnam in her enthusiastic and graphic description evinced great love and understanding of dramatic art and a clear recognition of the truth in Opera. Another treat afforded those present was the piano number contributed by Miss Lucia Bennett, a member of the Cleft Club. Miss Bennett

is decidedly musical, possesses unusual ability, an apparent artistic temperament and displays admirable skill in execution. Below is the program in full:

- Roll Call—Anecdotes of the Composers
- Witches' Dance..... MacDowell

- Mrs. Paul Burnam

The next meeting will be held with Mrs. O. O. Green at her home on Second street, February 22, at which time will be given a program of American music.

Mrs. Kate Scrivner, of Winchester, is visiting her sister, Mrs. J. R. Quisenberry.

Mr. Peveley Evans, of London, is here this week on business.

Mrs. D. W. Bridges, of Mayfield, is the guest of Mrs. T. K. Hamilton on West Main and is being cordially welcomed back to Richmond by her host of friends.

Mr. Robert Simpson, of Garrard county, is here this week on a visit to relatives.

Overton Harber, Jr. is at his home on Second street.

The many friends of Miss Lucia Burnam will be sorry to hear she has been ill since she arrived in California. The last report stated she is improving.

Mrs. William Kinser, of Louisville, is the guest of Mr. and Mrs. W. N. Kinser at their home on Third street.

Mr. Pleas Evans, of Berca, is visiting Mr. J. M. Evans on the Summit.

Mr. O. R. Webber, of Winchester, spent Wednesday here.

Mr. and Mrs. Boyd Sandlin were dinner guests of Mr. and Mrs. J. M. Ramsey Sunday.

Master Charles Johnson has returned from a visit to his sister, Mrs. Price Tudor, at Silver Creek.

Misses Meari Wilson and Anna Johnson, of the Brassfield section, entered the Normal school this week.

Miss Katie Smith will return to Louisville Saturday to resume her school work, having been at home several weeks from illness.

Mr. Tom O'Connor, of Irvine, was in Richmond Thursday on business.

Miss Zerella Baxter is at home, from Finchville, Ky., for the week end and has as her guest Miss Elizabeth DePew, who teaches elementary grades in the Finchville school.

News comes from Bloomington, Illinois, of the illness of Mrs. George Leightford. She submitted to a very serious operation and is in the Kelo Sanitarium at that place. Mrs. Leightford has many relatives and friends here who will regret to hear of her illness. She is a sister of Mrs. Sid Kerr, of White Hall, and a niece of Mrs. Charles Soper on the Irvine road.

Mrs. K. G. Wiggins is suffering with an attack of heart trouble and high blood pressure at her home with her son, J. W. Wiggins, on Aspen avenue.

HERMAN KURTZITSCH

"When it comes to eating, working and sleeping, I'm like a different man from what I was a short time ago," said Herman Kurtzitsch, 406 1/2 Norris Place, Milwaukee, with the Northwestern Life Insurance Co. in relating his experience with Tanlac.

"My whole system was about to give way as a result of two years' constant suffering from stomach trouble and I was so run down and worn out I was hardly able to work. I actually dreaded to eat, as after every meal I suffered so terribly from heartburn, and I was so nervous I got little rest at night.

"If it hadn't been for Tanlac I'm firmly convinced I would have had to resign my place. It came to my aid in the nick of time and I am strong for it. Tanlac was worth at least fifty times what it cost me."

Tanlac is sold in Richmond by Stockton and Son and leading druggists.

MUNCY BROTHERS

GEORGE ELIOT wrote "As our thought follows close in the slow wake of the dawn, we are impressed with the unusual sameness of the human lot which never alters in the main headings of its history—labor and hunger, seed time and harvest, love and death."

It is entirely fitting that a profession should have developed to care for every detail that perplexes and disturbs the family when the end comes to one of its members.

There is a funeral director in your community who merits your confidence and who has dedicated his life to a sympathetic and efficient service to his fellow beings. He realizes fully the desire of people in time of sorrow to be relieved of all necessary details, and their further desire for a character and quality of service that will leave the family with the assurance that everything humanly possible was done for the departed.

MEXICAN WETS NOW FEAR DRY WAVE

(By Associated Press)
Mexico City, Feb. 10. The "wets" in Mexico are frankly alarmed. They say there is a real possibility that Mexico City, at least, may go "dry" before the end of the year and that if so, the next step would be to make the entire republic arid of alcoholic beverages. President Obregon does not say that he is a prohibitionist but within the past few months he has given his unqualified support to certain legal measures which aid to cut down drinking and eventually put intoxicants under the ban. Saloons, clubs and cantinas have been put under more rigid restrictions and, only a few weeks ago, a presidential decree increased the federal revenue tax on alcoholic drinks of 100 per cent. There are many rumors that these taxes will be automatically increased until they become prohibitive. Nation-wide protest was heard several days ago when the newspapers said that President Obregon contemplated issuing a decree forbidding the planting and cultivation of the maguay plant which is the basic ingredient of the most popular native drink. The maguay, which is a species of cactus, must be replanted every seven years and a decree prohibiting its cultivation would mean its extermination and with it the elimination of tequila, mescal and pulque, drinks of undisputed potency. Planters of maguay rushed numerous petitions to President

HEARD ABOUT TOWN

A crowd of masked riders warned the tollgate keeper on the Alexandria pike out of Covington not to collect any more toll. Roger Hornsby, St. Louis Cardinal star batsman and infielder, asks a contract for \$25,000 a year for three years. He has been getting \$11,000. Clifton Rodes, of Burgin, is organizing the dark tobacco growers of western Kentucky into a co-operative association. Sheriff Dee Bush, of Clark, raided a moonshine still at the home of John Tolson on the L. C. Rose farm, 3 miles from Winchester. George Hon, of Winchester, was elected president of the Retail Lumber Dealers in session at Louisville this week. Edward L. Allen, of Prestonsburg, a deputy in the office of the clerk of the court of appeals, has announced as a candidate for the republican nomination for Congress in the 10th district to oppose Congressman John W. Langley. A share of stock in the fair association at Lawrenceburg sold this week at \$135. A report to the Lawrenceburg city council shows that the municipally owned water works there paid the city a profit of \$130 a month the past year. Mrs. Sidney Shields, of Frankfort, was killed when an auto containing 4 persons overturned near Alton. The State senate committee voted against giving the trading stamp advocates another hearing. Rev. John H. Williamson, pastor of a Methodist church in Chicago, has been appointed law enforcement officer there with supreme power over the city's moral welfare. At Lexington Mrs. Nina May Stokes, aged 16, asks a divorce on grounds of cruelty from her husband, E. W. Stokes, aged 51. In Federal court at Lexington H. L. Thirty Years On the Stage
Hardee Kirkland, who plays the leader of the mysterious club around which the plot of "Ace of Hearts" Gouverneur Morris' latest photodrama revolves, has been on the legitimate stage for 30 years and has played in every city in every state in the Union, besides touring the countries of Europe. He is known to movie fans for his performances in four big Goldwyn productions—"Officer 666," "Road of Destiny," "Madame X" and "The Peace of Roaring River" the last three Pauline Frederick pictures. He has some splendid scenes in "Ace of Hearts" which shows at local theatres Friday.

Can You See Your Ribs?

"It wasn't that I wanted to get fat—no, I just wanted to put on about 5 pounds more flesh, then I'd be just right. I've missed all diets, gorged my meals, I've hunted health resorts, been to fine clinics, quacked pills, buttermilk, olive oil, emulsions, swallowed pills, digestion fails, and a score of other 'cure-alls'. Finally, I decided on Dr. S. S. S. Some of these things were building up the new red blood cells I needed. I took S. S. S., the greatest red-blood-cell builder, firm-flesh producer, blood-cleanser known. I put on 5 pounds in a month, and my nerves, instead of strings feel like wires. S. S. S. has the world beat!"
S. S. S. is guaranteed purely vegetable in its medicinal ingredients. It has produced amazing results in building up run-down, thin-skinned, anemic men, and in making women of all ages more plump and beautiful and younger looking. S. S. S. is sold at all drug stores. In two sizes. The larger size is the most economical.

Exiled Emperor Calls Hungary His Fatherland and Counts on Loyalty.

Budapest, Hungary.—"I regard Hungary as my fatherland. I am also convinced that I will return to Hungary," former Emperor Charles is quoted as making this declaration to the correspondent of a Budapest newspaper who interviewed him at Funchal, Madeira, where he is in exile. "I have the highest esteem for the loyalty of Count Andrássy. Count Apponyi and Count Szogy and whenever happens I do not doubt the loyalty of the Hungarian nation," added Charles. Count Hunyady, a faithful follower of the former emperor, has been obliged to leave Funchal, being unable to bear the expenses of living there.

JOBLESS FISH THROUGH ICE

Catches From Lake Erie Readily Sold to the Packing Companies—Risk is Great.
Buffalo, N. Y.—Hundreds of men, with nothing else to do, are fishing through the ice which is rapidly forming on the shores of Lake Erie. From time to time, Lake Erie freezes over and old-timers predict that this may be expected this season. The fish are readily sold to packing companies. Ice fishing entails frequent risks of life, for sudden blinding snowstorms are occasionally encountered. The trail to shore may be easily lost, and in other years deaths from freezing have resulted. The catch so far this year has been large.

Millions helped annually.

Mother and Child Are Attacked by Hawk

Port Deposit, Md.—The largest chicken hawk yet seen in this section was killed on Main street. Driven by hunger into the town, it sighted in the yard of James Craig a large, fat hen, and had fastened its talons in the prospective meal. Mrs. Craig ran to the rescue with a broom. She was followed by her two-year-old son. The bird turned upon the mother and child. Their cries were heard by an out-of-town salesman, who, being told by Mrs. Craig where the gun was, procured it and killed the bird. It was half starved, but measured four and one-half feet from tip to tip of wings.

Pimpily Skin?
Take MASTIN'S VITAMON TABLETS
Easy and Economical—Results Quick

Of what use are fine features with an ugly, mottled skin, flabby flesh, sunken cheeks, redness under the eyes, or a careworn, sickly-looking face?

For men there are now who cannot extrinsically add to their eyes and vigor, clear the skin of eruptions and enjoy that splendid fresh "pop" of a well-built body. Since Science wrested from Nature those mysterious life-giving, health-building elements—the vitamins—thousands upon thousands can tell you of the amazing and almost magic-like results from their use.

MASTIN'S VITAMON TABLETS contain not only yeast vitamins, but all three of the precious vitamins A, B and C—especially concentrated and combined with true vitamin iron and the necessary time salts which your system needs to keep you strong and well.

If you want to quickly clear your skin and complexion, put some firm healthy flesh on your bones, increase your nerve force and power and look and feel for better, make this simple test: First weigh yourself and measure yourself. Next take MASTIN'S VITAMON TABLETS—two tablets with every meal. Then weigh and measure yourself again each week and continue taking MASTIN'S VITAMON TABLETS regularly until you are satisfied with your gain in weight, "pop," energy and improved appearance.

Insist upon the Original and Genuine Vitamin.

Man Pays Shoemaker's Bill After 42 Years

La Plata, Md.—Wesley Bowie, a retired shoemaker of this town, was much surprised a few days ago by receiving pay for a pair of shoes he made a customer forty-two years ago. At that time Mr. Bowie made for each of three brothers, one of whom was the debtor, a pair of calfskin boots.

This man soon left Charles county without paying his bill, and Mr. Bowie had not heard of him since.

The debtor made a personal trip to La Plata to pay his bill. He found Mr. Bowie and made himself known to him. He said this was the only bill he owed and he wished to cancel that obligation. He then offered Mr. Bowie a \$10 bill and asked if that would square the deal with him. Mr. Bowie was perfectly willing to close the account for that amount and the matter was settled. The debtor then stated that he has lived in Montgomery county thirty years on one farm.

EXPOUNDS GOSPEL BY RADIO

Rev. James Lewis, a Denver pastor, intends to make himself heard, and has arranged to install a microphone in his pulpit, so that all the towns in Colorado and within a radius of 125 miles, can "sit in" on his sermon. His first experiment was last week, and more than 100 amateurs heard every word of his sermon. Many towns without preachers, are installing small receiving sets, and after they have heard one of Mr. Lewis' talks, they can change the adjustment of their set and enjoy a little jazz music from Los Angeles. The photograph shows Rev. James Lewis speaking into a microphone that is sending his sermon for hundreds of miles.

BOASTS YOUNGEST LINGUIST

Philadelphia's Two-and-a-Half-Year-Old Refugee From Russia Speaks Four Languages.

Philadelphia—This city now can boast of possessing the youngest linguist in the world. She is Riva Goren, two and a half years old.

Riva is a Russian refugee and has been in this country less than a week. She was brought here by Harry Allen Goren, who adopted her while on a ten months' trip, which took him to virtually every country of Europe. According to Goren, the child's father was massacred in a pogrom a few days before her birth, and her mother died a week later.

At her home Riva displayed her linguistic abilities. She greeted a visitor with the Russian equivalent of "hello," thanked the visitor for a present with the "merci" of the French, chatted with her foster father with a few words of German, and then fell back upon English when she rushed timidly into the arms of her foster grandmother.

WILL BAN GRADE CROSSINGS

United States Will Construct Bridges or Underpasses on Federal Highways.

Washington—Grade crossings will be eliminated wherever possible and replaced with bridges or underpasses on all roads of the federal aid highway system to be constructed under the federal highway act, the bureau of public roads of the Department of Agriculture announces.

Important roads, many of which at present cross and recross railroads at grades, hereafter will be built entirely on one side of the railroad.

In the three years ending with 1920, according to records available to the bureau, 2,436 lives were lost and 10,644 persons were injured at grade crossings in the United States.

Women's Ills Make Unhappy Home

There is no question but what the ill of women conspire against domestic harmony. The husband cannot understand these troubles and the physician finds it hard to cure them; therefore the overworked wife and mother continues to drag around day in and day out with headaches and backache, fretful and nervous.

Such women should be guided by the experience of women whose letters we are continually publishing in this paper. Many of them declare that they have been restored to health, strength and consequent happiness by Lydia E. Pinkham's Vegetable Compound after doctors and all other medicines had failed to help them. It will surely pay women who suffer from such ailments to try it.

THE BEST JOKE BILL OF THE LEGISLATURE

Frankfort, Ky., Feb. 10—Every session of the Kentucky General Assembly must have its joke bill. The best recorded for the present session is that introduced in the Senate by Senator Bannic Tabor, of Carter county, for regulating the use of moonshine stills.

In a report written by Senator Newton Bright, of Newcastle, the Agriculture and State Fair Committee made an unfavorable report on the bill thereby "killing" it. The full text of the Tabor moonshine bill follows:

1. It shall be unlawful from and after passage of this bill to set up or operate any moonshine still or other apparatus which may be used for the making of moonshine intoxicating liquor without first having placed upon said still or other apparatus a "whistle" which shall make a noise which can be heard for at least two miles from which said still is being operated.
2. Each still after complying with the above section, shall be between the hours of 1 a. m. and 11 p. m., at each interval of thirty minutes blow the said whistle so that same can be heard by persons who may be in two miles of said still so that said persons can easily find the way to the still.
3. Each still when so equipped as above stated shall in addition provide a roadway or well beaten path to said still so that persons may reach the said still in safety.
4. Any person, persons or corporation who may violate any of the above sections shall upon conviction be fined not less than \$10 nor more than \$100 for each and every offense and the evidence of any person shall be sufficient to convict.
5. There is hereby created the office of Moonshine Still Inspector in and for every county of this state who shall be elected at the regular election held in each county at the November election each year commencing with the November election, 1922, and it is hereby made the duty of the said court of each county to provide for the payment of said inspector. The said inspector shall see that the above law is enforced.

All acts and parts of acts in conflict herewith are hereby repealed.

The committee report follows:

1. That as an act of courtesy, even omitting political necessity, it would devolve upon this body to appoint the author of such bill State Enforcement Officer of Moonshine Stills in Kentucky not alone to see that they run without interruption; that their siren whistles regularly summon the gentle country folk to mental and physical complacency, but also to sample the product thereof prodigiously and at frequent intervals.
2. That to place upon and citizen an official duty so violently at variance with his aesthetic tastes and habits, might intrigue him from that strictly sober and unimpeachable highway of life—which has been a glowing inspiration to the youth of Carter county—and beckon him down the White Mule Trail into a confusing wilderness of copper worms.
3. That the Senate of the Commonwealth of Kentucky dares not create an office so fraught with tragic possibilities, rather, but it were preferable for the seductive whistle of the still to still be still and stay still, than that one, lured by the phantoms of political patronage should shock the dignity of this assemblage with fatuous babblings and bilious banter.

The committee report follows:

MESSAGE TO WEAK, NERVOUS, RUN-DOWN WOMEN

We venture to say there isn't a woman who at some time or other does not get into a weak, run-down condition, without energy or ambition, or who hasn't a delicate, ailing child, or perhaps a feeble, aged parent.

It will interest every such man or woman to know that the medical profession have for some time been recommending dietetic treatment for such conditions, rather than medicine, and at last science has produced SUSTO Nutritive Tonic Tablets which contain in concentrated form the life-giving and strengthening elements of yeast, rice, milk, eggs, with beef protein, nuclein and iron that is lacking in our daily diet to overcome such conditions.

SUSTO has been tested and approved at one of our greatest American Medical Colleges by a Professor of Physiological Chemistry, and after months of experimenting with SUSTO he says: "In all cases of a general run-down system or in convalescence, SUSTO played a very important part in stimulating the appetite and increasing body weight. In every instance where under-nourished infants and children were given SUSTO, important body-weight increases were registered. A notable case is that of an eleven year old boy, who had been under weight for three or four years in spite of the best medical and dietetic treatment. The feeding of SUSTO produced a gain of six pounds in three months."

Therefore, we feel very confident that our customers can find nothing better than SUSTO for the ailments for which it is recommended.

If you try it for one month and do not feel better in every way, we will return your money. H. L. Perry & Son.

Dollars and Cents

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

Frankfort's New Hotel Is Now Assured

Frankfort, Ky., Feb. 10—A new hotel to replace the old Capitol Hotel here, which was burned several years ago, today was assured when Robert W. Bingham and J. B. Brown, of Louisville, purchased a block of \$25,000 worth of stock in the enterprise. A sum sufficient to raise the amount subscribed to \$307,000 was subscribed at a meeting of business men Thursday.

The contract immediately was let. S. French Hoge is at the head of the local company which has as its subscribers hundreds of Frankfort people. A bond issue of \$75,000 will be sold to raise the remainder of the \$305,000 contract price.

It is to be colonial in general exterior design, with a larger lobby than the old hotel and a mezzanine. A ballroom and a roof garden will occupy the top floor. The plans include committee rooms for the use of the legislators.

Mt. Sterling Wants More Schools

Mt. Sterling, Feb. 10—The Board of Education soon will ask the City Council to submit to the voters a bond issue of \$30,000 for the erection of additional school buildings. On account of the crowded condition of the existing school buildings, the board has decided to ask for \$30,000 and the condition of the school buildings is such that it is necessary to build new ones.

Chronic Constipation

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

We Furnish the Call Numbers

Give us a list of customers, associates or representatives in other cities whom you would like to call regularly, and we will furnish you with their telephone numbers.

This will enable you to call them by number, using the station to station service, and saving 20 to 75 per cent of the cost.

Station to station service is ideal for this purpose, permitting more calls at no greater cost.

Consult the Manager for details of this plan.

JUDGE KENNEDY ON ENFORCEMENT OF LAW

(By Associated Press)
Somerset, Ky., Feb. 10—What Kentucky needs is strict law enforcement, declared Judge H. C. Kennedy, of the 28th Judicial District, here today in answering a question as to what was needed to stop crimes of violence and prohibition law violators in Kentucky.

"The good people are yet in majority," said the Judge, "and they are going to rule. We are not yet ready to turn Kentucky or any part of it, over to the lawless element. Cooperation between the law respecting people and the public officials will bring order out of chaos," he added.

Judge Kennedy said: "There exists not only in Kentucky, but everywhere an unusual amount of crime. This condition is probably an aftermath of the World War. Human life was never so cheap; instances of burglary and robbery are numerous, and the prohibitory laws are flagrantly violated. An oath in court was never regarded so lightly.

"But we are not ready to repeal the laws against murder, burglary, larceny, perjury or the illegal making or sale of intoxicating liquors merely because some men continue to violate them. What we need is strict law enforcement. The good people are yet in the majority and they are going to rule. We are not yet ready to turn Kentucky or any part of it over to the lawless element. The first thing needed is an awakening among the people who have respect for the law and desire its enforcement. And this is already taking place. Many of the present Circuit Judges and Commonwealth's Attorneys in Kentucky were chosen because the voter believed they stood for law enforcement. Cooperation between law respecting people and public officials will bring order out of chaos."

Men Transporting New Still Held To Grand Jury

Stanford, Ky., Feb. 10—Two men giving the names of Cochran and Lynn, of Casey county, were arrested at Hustonville with a new still in their possession. It is alleged that they were taking it from the Moreland depot to Casey county. They were brought here and held to the grand jury.

Periodic Bilious Attacks

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not crave food, but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets, the attack may be avoided. feb

"Raider" In Knee Pants Stirs Crab Orchard

Crab Orchard, Ky., Feb. 10—A boy in knee pants claiming to be a prohibition enforcement officer, came here, borrowed a shotgun and revolver and induced a credulous official to accompany him on a raiding expedition. It was learned that his father lived in Virginia, and officials wired him of the visitor's claims and actions. A reply was received recommending that the boy be turned over to the county officials, his father stating that he would have nothing to do with him. Meantime, the aggressive youngster, believed to be the victim of cheap novels and cigarettes, disappeared.

Little Orphan Girl Meets Death In Fire

Lancaster, Ky., Feb. 10—Grace Turner, 7, child of the late Mr. and Mrs. George Turner, was burned to death at the home of a relative with whom she lived. Just how the accident occurred is not known. There was no one in the room at the time, and it is thought that her clothing caught fire from an open grate.

Lubricating Oil Poured On Victim Of Burns

Hazard, Feb. 8—Hot cinders exploded at the Duane tank when water was turned on the fire, and R. B. Cooper, railroad foreman, who was standing close by, was burned on the face and arms. In the absence of first-aid equipment, the crew smeared lubricating oil over his injuries to reduce his suffering.

Mr. John Reed, who has been connected with tobacco warehouses here, has returned to his home in Lexington.

AT 10 A. M. RAIN OR SHINE—ON THE PREMISES

WE WILL SELL FOR

Chas. Gibson

HIS

180 acre FARM on Lancaster pike

We will sell for Mr. Charles Gibson his 180 acre farm, on Lancaster and Menalus pikes, in Madison county, 1-2 mile from Silver Creek, and 6 1-2 miles from Richmond, Kentucky.

IMPROVEMENTS

Consists of 6 room house that fronts on the Menalus pike, cistern at door, all necessary outbuildings, good combination stock and tobacco barn, will hold seven acres of tobacco, well watered by springs and pools, well fenced.

DESCRIPTION OF LAND

This farm of 180 acres gently rolling just enough to drain sufficiently, but level enough to use a tractor over and today is in a high state of cultivation, there being last year the following acreage under cultivation: 30 acres in corn and 10 acres in tobacco; the remainder is in blue grass, well sodd. This land is especially adapted to the raising of tobacco and corn. This tract is bounded as follows—By the Lancaster pike, Menalus pike, L. & N. R. R., and Mrs. Frank Gibson, and known as the Tevis Rayburn home.

SUBDIVIDED

This tract of land will be divided into two tracts and offered as follows—72 acres unimproved and 108 acres with the above mentioned improvements; then as a whole. You will find everything here that you want in a good home. Close to Silver Creek where you have shipping facilities, good school, and close to churches, and just 20 minutes drive from Richmond. Possession will be given at once.

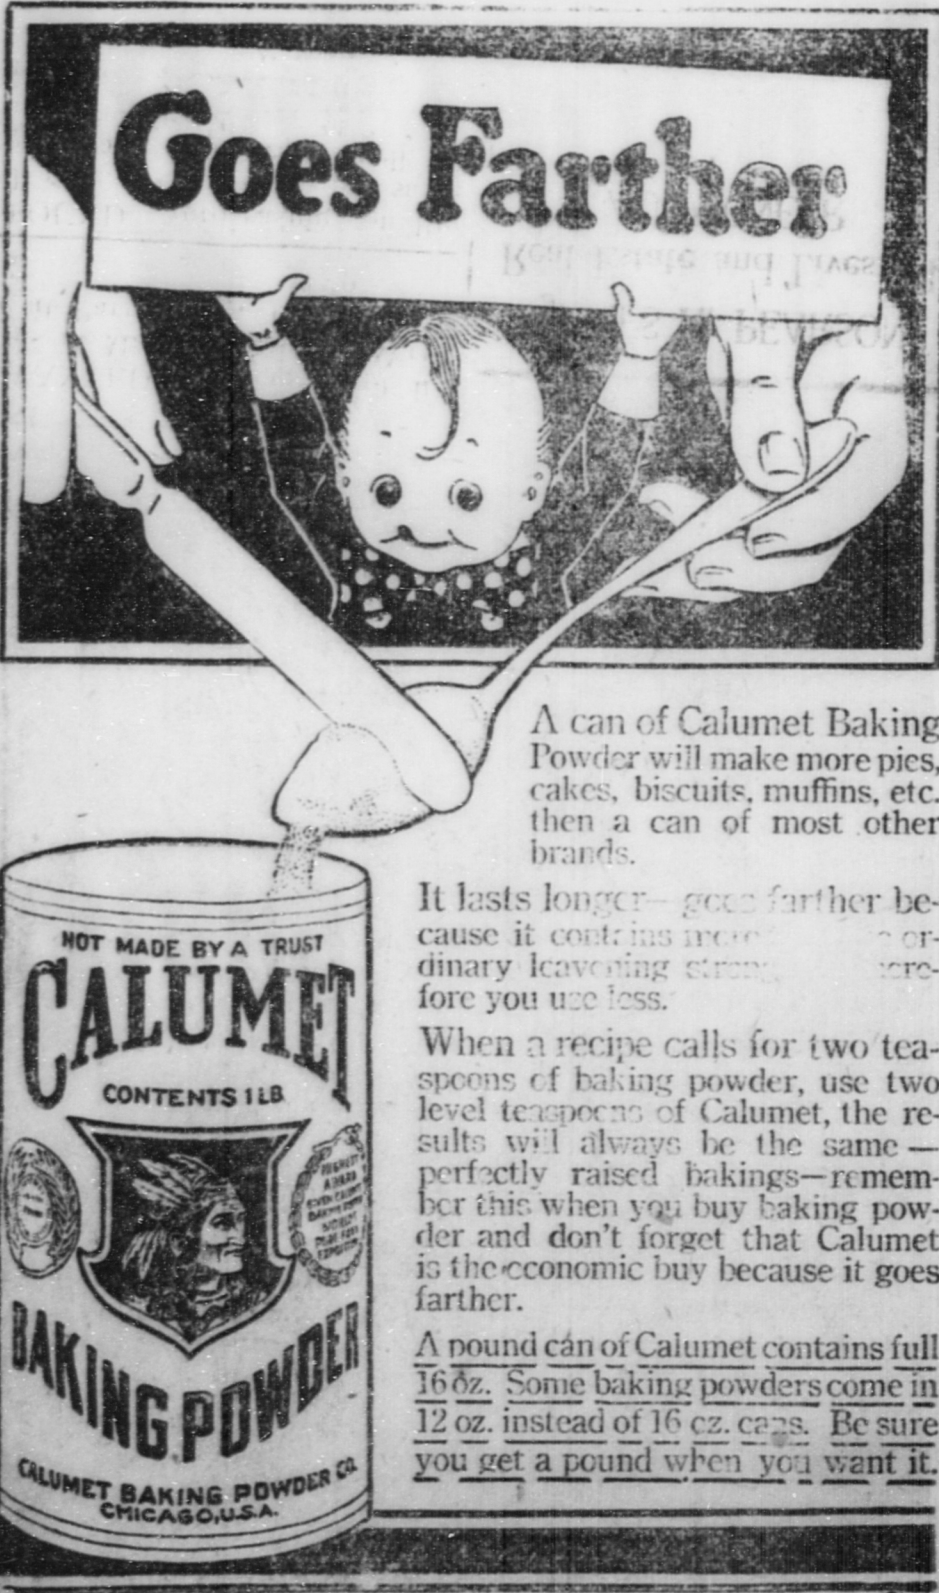

Terms liberal and made known on day of sale. If you are interested in buying a good farm call at our office and we will be glad to show you, before the day of sale.

Goes Farther

A can of Calumet Baking Powder will make more pies, cakes, biscuits, muffins, etc. than a can of most other brands.

It lasts longer—goes farther because it contains more ordinary leavening strength, therefore you use less.

When a recipe calls for two teaspoons of baking powder, use two level teaspoons of Calumet, the results will always be the same—perfectly raised bakings—remember this when you buy baking powder and don't forget that Calumet is the economic buy because it goes farther.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.
